DETAILED ACTION

EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Sheryl S. Holloway (Registration No. 37,850) on March 28, 2005.

The application has been amended as follows:

Claim 19, line 1, after "of", delete "claim 16".

Claim 19, line 1, after "of", -- claim 15 -- has been inserted.

2. The following is an examiner's statement of reasons for allowance: The prior art, McVeigh or Smolenski, taken alone or as a whole, does not specifically disclose the combination of limitations, "executing a first phase of motion estimation to determine a set of field motion vectors describing a relationship between fields of same polarity in two frames; executing a scene change detection using the set of field motion vectors; executing a 3:2 pulldown detection using the set of field motion vectors if no scene change is detected; and executing a second phase of motion estimation to determine a set of motion vectors describing a relationship between fields of opposite polarity in the two frames and a relationship between the two frames", used in combination with the other limitations of claim 1. Claims 6, 15 and 20 are patentable for the same reasons as claim 1.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
